

Newchurch Community Primary School

June 20th 2017

Dear Parents/Carers

Year 6 Science Transition to Culcheth High School Wednesday 28th June and Friday 30th June

On the week commencing Monday 26th June, Year 6 will be having a 'science transition week.'

During this week, the children will experience science learning at Culcheth High School and they will get to visit the high school to take part in experiments and investigations; learn about keeping safe in the laboratory and learn how to use equipment safely. There is no charge for the visits.

Please consider weather conditions when sending your child to school on the day of the trips as the children will be walking to and from the High School. Ensure they have suitable footwear, a waterproof coat, plenty of water and a sun hat where appropriate. Your child will need a disposable packed lunch (no glass please) unless your child is entitled to free school meals, you pay by direct debit or wish to purchase a school packed lunch at £2.20.

If you have any questions please don't hesitate to ask Miss Whittles or Mr Duckett

Please would you detach the completed reply slip below and return it to school by Friday June 23rd.

Yours sincerely

Mrs S Lawrenson
Headteacher

Year 6 Science Transition to Culcheth High School Wednesday 28th June and Friday 30th June

I understand that my child (Name).....

will need a fully disposable packed lunch for both days of the trips and I would like to arrange as following.
