Headteacher: Mrs J Narraway

12th March 2020

Dear Parents/Carers,

As you have probably been made aware by the media, the first case of Coronavirus has been detected in Warrington. We are continuing to receive daily updates from the Department of Education with guidance for schools.

We have been guided by Public Health England to use resources from the e-Bug project which has a wealth of learning resources on hand washing and respiratory hygiene. Each class will receive a lesson this week as part of the Personal, Social and Health Education using these materials. If you wish to have a look at them, please visit: <https://campaignresources.phe.gov.uk/schools>

We are constantly reminding the children to wash their hands for more than 20 seconds with soap and hot water. The children are singing songs for the duration to ensure they wash them long enough. The NHS have created the links below as a guidance on the most effective ways to wash your own hands and to ensure the children wash theirs thoroughly:

<https://youtube/bQCP7waTRWU>

<https://www.youtube.com/watch?v=S9VjelWLnEg>

Public Health England recommends that in addition to handwashing before eating, and after coughing and sneezing, everyone should also wash hands after using toilets and travelling on public transport.

Please be assured that we are checking any risk assessments of locations we are taking the children to and ensuring preventative measures are being taken to reduce the risk to the children.

With kindest regards,

Mrs J Narraway
