Dear Parent and Carers,

We are changing the way our school delivers some information to you, an approach we have taken to continue to promote our school's eco-friendly ethos. As from Friday May 18th our popular Friday Newchurch will be delivered to parents, governors and staff via a new emailing system supported by T2P the provider we currently used to deliver information to you via our text messaging service.

To ensure you continue to receive all the important information, school news and social calendar events you currently receive via our weekly Friday Newchurch it is important we have at least one current email address for each family with parental responsibility and ask that you carefully read the information below. If you are happy to provide your consent tick the appropriate box, sign and return slip provided to the school office. Without your consent, when we move over to a paperless system, you will not automatically get our newsletter.

To reassure you, Friday Newchurch will always be available on the school website as normal and there will be a transition period from paper copies to email. I hope you will support our schools future as we take each step to help the environment around us.

If you who have any concerns in relation to Data Protection then may I reassure you that the email address that you have provided will not be shared with a third party or used for any other purpose than to allow Teachers to Parents to transfer school information to you only. If you would like to follow the link <https://eduspot.co.uk/article/gdpr-statement/> this will provide information about how T2P comply with GDPR (General Data Protection Regulation).
