15th September 2021

Dear Parents / Carer,

As part of their science curriculum, Year Five will have the opportunity to interact with one of Jodrell Bank Observatory's resident scientists this term. The activities will take place over two sessions:

- Explore our solar system
- Space 101

These sessions will take place in the second half of the autumn term and will allow the children to follow up on their studies of space by asking their own pressing questions.

We are sure that you will agree that this is a fantastic opportunity for our budding scientists and we are all really looking forward to the sessions, which will represent the Year 5 trip for the autumn term. With this in mind, we kindly ask that parents support contribute towards covering the cost of the sessions, which would equate to £4.50 per child. Please can you complete the consent form link <https://forms.gle/8VRecA6Hgd7Sit4R9> and pay via Parentpay by Friday 22nd October.

Thank you for your continued support

Mr Duckett

Year Five Teacher
