4<sup>th</sup> February 2025

Dear parent/carer,

Our wonderful PTA have organised a Valentine's disco for the children on **Thursday 13<sup>th</sup> February**. Please support this event as it is helping to fundraise for our playground developments.

Just like the Monster Mayhem disco, the KS1 disco will be straight after school (from 3:15pm until 4:30pm) and KS2 from 5pm until 6:30pm. Children may come in their own clothes for the disco throughout the day.

For those children who may find the loud music overwhelming, the first 15 – 20 minutes of each disco will be sensory friendly and there will be a chill out space throughout the disco.

If your child would like to attend this event, please book on ParentPay at a cost of £3.50 which will include entry to the disco with lots of music, games and prizes plus a snack bag with a drink. Hot and cold drinks can be purchased on the day but this will be a cash only system. Please can you make any bookings by **12 noon on 11<sup>th</sup> February** so the

PTA are able to purchase what they need. Unfortunately, if your child does not have a ticket, we will not be able to add them on the day.

Please let us know of any dietary requirements via ParentPay when you are making your booking. Additional refreshments and snacks will be available to purchase.

LOTTERY FUNDED

KS1 children should be collected in the usual way from their classrooms and brought through to the front entrance where they will be signed in. KS2 children may go home and return later. Children will need to be accompanied by a responsible adult who will stay for the duration of the disco to supervise the children in their care. A parent/carer may choose to accompany up to 4 children. Staff will be present, but they will be responsible for health and safety as well as safeguarding.

If your child is in Robins after school but would like to attend, this can be accommodated. Please purchase a ticket and communicate with the Robins team on the usual Robins email address.

With kindest regards,

*Jayne Narraway*
